*A hands-on company builder, Michael's background as an entrepreneurial CFO with three exits behind him, is the culmination of twenty years of senior management experience across a broad spectrum of industries. His expertise has been successfully applied across verticals ranging from startups to large public corporations including Blockchain, manufacturing, digital health & medical devices, consumer electronics & hardware, software/SaaS, and real estate.*

*Currently, Michael is the Founder and CEO of FanVestor. FanVestor is an innovative data-driven investing platform, which enables consumers, both accredited and non-accredited, to invest into the careers and projects of talent, musicians and athletes.*

*In addition to Michael's global experience in raising equity through variety of public and private equity/debt instruments, as well as experience in handling complex M&A transactions, Michael also brought exceptional knowhow of Blockchain technology to DASAN Zhong Solutions.*

*Earlier in 2017, (prior to joining DASAN) together with the other Blockchain industry veterans, Michael co-founded the ICO Governance Foundation, a non-profit decentralized global organization with a protocol-based global community mission that performs a self-regulatory function for ICOs in decentralized capital markets.*

*In Oct 2016, Michael founded EdenCoin - a global cryptocurrency quantitative market-maker start-up with offices in San Francisco and New York: a proprietary liquidity aggregation platform to consolidate trading volume and data from major cryptocurrency market sources to run algorithmic market-making and liquidity provisioning, as well as other, quantitative strategies.*

*From June 2015 to May 2017, while CFO at Breathometer, a hyper-growth digital health and medical device company, he helped take that company from pre-revenue to shipping in the FDA regulated space, forming OEM partnership with Philips, raising capital from venture capital firms and global strategic investors, as well as successfully achieving the ISO13485:2003 Certification milestone.*

*Prior to Breathometer, Michael was the first employee (CFO, Board Member, and Head of SF Office) at BitFury, and helped build the market leading full-service Blockchain technology company, and one of the largest private infrastructure providers in the Blockchain ecosystem, taking it from zero to over \$500M valuation and from 3 to over 120 employees in 7 countries between December 2013 through April 2015.*

*Other notable roles include:*

*"Co-Founder and Co-President at Mayak RE, where he led the formation of JV with Morgan Stanley and MCP Private Equity Fund in Europe.*

*"CFO of Sistema Hals, he directed a highly successful London/LSE IPO with market capitalization at \$2.7B.*

*"Head of Compliance / Sr. Finance Manager at Trimble, he effectively implemented global Sarbanes-Oxley compliance program, participated in private debt placement, as well as acquired/integrated several international technology companies.*

*Michael received MSc in Management from Stanford Graduate School of Business in 2013, his MBA from Santa Clara University in 2000, and his B.A. with double major in Economics and Diplomacy & World Affairs from Occidental College in 1996. He is also a CPA (inactive) in California.*
