

Milton Greenbank

Owner of Greenbank Mobile Wheat Cleaning

Following in the footsteps of his father, Milton Greenbank entered the grain cleaning business over 20 years ago. Since that time, he has established Greenbank Mobile Wheat Cleaning as one of the largest businesses of its kind in the United States. With a service network spanning 10 states in the Grain Belt, Greenbank Mobile Wheat Cleaning features a fleet of four custom-made cleaning machines, all designed and maintained by Milton Greenbank. He continues to focus on expanding fleet equipment and coverage to meet increasing demand.

An automobile enthusiast away from work, he enjoys restoring and modifying everything from off-road motorbikes to sports cars and sponsors a local speedway racing group. In his free time, he enjoys taking out his own Corvette on open-track days and trying out new and classic barbecue recipes.

A resident of Fort Morgan, Colorado, Milton Greenbank lends his support to local agricultural programs through the annual 4-H livestock auction. He also sponsors events for the local police and fire departments.
