Newport Federal Chairman Chuck Horning

A lifelong resident of California, Chuck Horning presently works for Newport Federal in Newport Beach as chairman. Throughout his time with Newport Federal, a presence in the community since 1970, he has managed a variety of holdings in industries ranging from hospitality to pharmaceuticals. He is a graduate of Pacific Union College, where he earned a bachelor of arts in business degree, though his business philosophy is rooted in actual experiences rather than the academic. Chuck Horning maintains that exceptional customer service, as well as strategic growth and the pursuit of long-term store value, is the key to a successful business.

Mr. Horning, a self-described political and scientific thinker, has managed a number of high-end vacation resort properties and hotels over the course of his career. In 2003, he acquired Colorado's Telluride Ski & Golf Resort. He also owns 12,000 acres of preserved land and manages restoration efforts on ranches in California and Hawaii.
