

# Dr. Brian Klagges

## Specialist in Pain Management Procedures

Dr. Brian Klagges, a board-certified anesthesiologist and pain medicine subspecialist, maintains a career-long dedication to offering the latest in treatment technology and procedures. He performs a number of innovative procedures including the minimally invasive discectomy, which uses newly developed technology from Hydrocision of Massachusetts. Also a pioneer in the use of minimally invasive lumbar treatments, Dr. Brian Klagges offers training in percutaneous lumbar facet arthrodesis and other related procedures to physicians across the United States. Experienced as a staff anesthesiologist in several New England hospitals, he now leads as a partner in Amoskeag Anesthesia of New Hampshire.
